	*** Zero Cost textbook ** This is a combined section class with CHDEV 55C. Once enrolled, all students will receive an enrollment information form from the instructor. The course has a capacity of 20 students. Priority will be given to students placed in the in-person lab school, where lecture and lab hours are held on Tuesdays and Thursdays from 8:30 AM to 1:20 PM, or those placed with a mentor teacher in the community. If space permits, any remaining slots will be offered to remote students who can complete their 7.5 lab hours at their place of employment. All students are required to attend an in-person orientation the first 3-weeks of class, Tue/Thur. 8:30-1:20pm. Remote students must currently work in person with children at a licensed childcare facility, supervised by a Master-level or higher teacher (per the CA Child Development Permit Matrix). These remote slots are limited and require employer approval. All students will collaborate with the instructor, instructional assistant, and/or a California Certified Mentor Teacher to integrate knowledge of child development and to design, implement, and evaluate curriculum activities. Student recordings of work experiences must be in English for assessment purposes. Remote students and those working with a mentor teacher are required to attend a weekly 2.5-hour lecture on Thursday evenings at the Merritt Campus, from 6:30 PM to 9 PM on 2/18; 3/18;4/15; 5/13 2027 and on zoom all other weeks.*
